## CHINA RoHS 2 compliance of Habasit belting products

We hereby confirm that Habasit belting products and respective auxiliaries as supplied today don't contain hazardous substances exceeding the limits as defined in GB/T 26572-2011.

Furthermore, since Habasit belting products are not considered electronic and electrical products, in any case they are not required to be marked with the "Environmental Protection Use Period" label as defined in SJ/T 11364-2014.
